A USEFUL PAIN

Norway People Should Heed Its Warning

Have you a sharp pain or a dull ache across the small of your back? Do you realize that it's often a timely sign of kidney weakness? Prompt treatment is a safeguard against more serious kidney troubles. Use Doan's Kidney Pills. Profit by a Norway resident's experience.

Mrs. W. J. Olmstead, 95 Main St., says: "My kidneys began to give me trouble as they were weak. My back ached so badly I could hardly get through with my housework and everything I undertook to do seemed to drag. I was dizzy and could see star-like spots before my eyes. My feet and ankles swelled. I read about Doan's Kidney Pills being so good and sent for some. When I had finished taking them, I felt as well as ever. The backache ceased and my kidneys became regulated. I have told a number of people about Doan's Kidney Pills and never fail to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Olmstead had. Foster-Milburn Co., Mfrs., Buffalo, N. Y.

MILTON

Mrs. Hazel Davis

Hazel Davis passed away February 7. She was the wife of Edgar Davis of this place and her death came as a great shock to her family and friends as she was sick but a short time. She will be missed as she always met her friends with a smile and devoted her time to making her home a happy one. She leaves besides her husband, one son, Lloyd, little over two years of age; a father and mother, Mr. and Mrs. Fred Whitman, one brother, Arthur Whitman, also her grandmother, Mrs. Georgia Whitman, and several other relatives to mourn their loss. She was but nineteen years of age and it is a very sad death. This is the third young woman to be taken away in this place in the last eight months.

Mr. and Mrs. Win Buck spent Sunday with his parents, Mr. and Mrs. Herbert Buck.

Myrtle Taylor finished working for Mrs. Clinton Buck and returned to her home at Bryant Pond.

Henry Neikam's family are sick.

Mr. and Mrs. Fred Whitman who have been staying at Edgar Davis' this winter, have gone to Woodstock to stay with their son, Arthur Whitman, until he finishes cutting pine.

Edgar Davis and little son have gone to make their home with his parents, Mr. and Mrs. George Davis in Woodstock; his mother will care for his little son.

OXFORD

Mrs. F. W. Lord, who has been in the hospital at Lewiston for treatment, has returned home and is improving finely.

Dr. H. R. Farris has been very sick at his home on High street, but is reported much better.

Mrs. Dudley Wright, who has been in poor health for a long time, the result of a shock, passed away at the home of her daughter, Mrs. William Locke, on Pleasant street, Thursday. Funeral services were conducted by Miss Glover, pastor of the Advent Church, Saturday afternoon.

Harriet Andrews, who has been confined to her home for several weeks, is somewhat improved. Miss Andrews' 53d birthday occurred Wednesday, February 14, and the ladies' aid of the Methodist Church met at her home and also at the home of her sister Mrs. A. J. Holden on that day.

Mrs. Mary Robinson is staying with Mrs. William Locke for a few days.

The marriage of Clara Walker, daughter of Frank L. Walker to Irving Rhodes will take place at the home of the bride on Sunday afternoon, Feb. 5th. Rev. D. L. Joslin will officiate.

FORE STREET

Margaret Cummings and Marjorie Twitchell have been sick with the prevailing colds, and obliged to be absent from school last week.

The Charles Lovejoy place has been sold to Mr. Keller of Mechanic Falls and will be extensively repaired and wired for electricity.

Mrs. May Allen had a surprise birthday party given her Tuesday, the 13th, at the home of Mrs. Leon Twitchell. A very pleasant afternoon was spent socially.

Joshua Thompson is sick with the prevailing epidemic.

OTISFIELD

Gene Edwards, Arthur Smith and Jason Little have been getting their ice the past week.

Abbie Edwards, who has been very sick the past few weeks, is gaining slowly.

Jason Little and wife visited relatives in Harrison, Sunday.

Charles Allen has moved to North Bridgton.

Arthur Smith sold two cows last week to Summer Skillings of Bolster's Mills.

Willie Ash has gone to Connecticut to work.

Mrs. Rose Edwards has been suffering with a severe attack of rheumatism.

Mel Meserve has been hauling ice for Gene Edwards and Arthur Smith.

Dean Nutting is attending Edward Little High School at Lewiston.

REDDING AND SHAGG POND
John F. Redding has gone to East Dixfield to work the remainder of the winter.

Mr. and Mrs. Taylor returned to their home in Lewiston, Friday, after having worked here for Mr. Redding for three weeks.

The pet dog belonging to Raymond Rowe, while cruising around in the woods one day recently, got so full of hedgehog quills that they had to kill him to put him out of his suffering.

H. E. Rowe is hauling birch from the vicinity of Abbott Pond to the Redding saw mill.

Virgil Rowe has a position as clerk in a jewelry and sporting goods store in Rumford.

George Redding is hauling birch from back of Shagg Pond to the mill.

Myrtle Farnum returned home Saturday, after a three weeks' visit with relatives and friends in Rumford.

Mrs. Louise Robbins was called to Mechanic Falls, Friday of last week, to care for her son, Leavitt, who is sick with an attack of influenza at the home of his grandparents, Mr. and Mrs. J. L. Chase.

Harlan Redding has been sick for a few weeks past and still remains about the same.

D. H. Robbin is harvesting his ice.

T. M. Twitchell has been away visiting friends the past week.

Bert Davis of Milton was a Sunday caller of friends in this place.

SWEDEN

Winfield Stevens called at E. S. Plummer's Feb. 2, it being Winfield's 60th birthday. Winfield said he tracked the groundhog when he came out the cross road. I guess he beat it back again, if he didn't, he's froze up by this time.

Marcellus Durgin of Fryeburg visited at E. S. Plummer's and Seth Brackett's Feb. 4th. He made his aunt, Mrs. Plummer, and Mrs. Brackett, each a present of a Sunshine gasoline lamp, they give a fine light.

Wendell Plummer is chopping pine on the Charles Saunders lot. Frank Pike as his man, Leslie Chandler, has been laid up with the flu, his wife and children were all sick at the same time he was.

Cecil Bennett of Vermont is at Charles Saunders'. He came down to enjoy the new radio that Charles has just had installed.

Mrs. Lindon Merrill is still sick with the prevailing epidemic. Her daughter, Lillian, is caring for her now.

Gerald, Kenneth and Mary Durgin spent the day, Feb. 11, with their aunt, Orpha Plummer.

Wendell Plummer made his regular week end trip to North Lovell and took in the dance, made several calls and came home in time to go to work, Monday morning.

AEROBELL

Electric Vacuum Clothes Washer

The Aerobell is backed by a broad gauge guarantee which insures your satisfaction.

The Aerobell embodies the improvements for which you have been waiting: Aluminum wringer frame, new type safety release, big round copper tub with full opening, and only three legs for steadiness on uneven floors.

Air Pressure and Suction in the vacuum cups actually draw the soap suds through the fabrics. You can hardly believe how quickly and thoroughly the air-cushioned vacuum cups clean, and they can't harm the most delicate articles. There is no belt, and the mechanism is under the tub, out of the way.

The Aerobell is simple in construction and built to stand years of hard work. It is designed to reduce effort to a minimum. You can depend upon it day after day, year after year.

Principle of Operation—When the washer is in operation the vacuum cups inside the tub move up and down upon the clothes. At the end of each upward stroke the cups rotate partially around the tub and come down in a different position. Thus, all the clothes in the tub are acted upon equally. On the downward stroke as the cups reach the water they entrap the air, and clothes, forcing the soapy water through the pores of the cloth. On the upward stroke a vacuum is created which draws the soap solution again through the meshes. Thus, as the vacuum cups reciprocate they continue to force the hot suds back and forth through the fabric. During this operation the clothes change their position in the tub slowly so that all of them in turn come under action of the cups. The action above described will cleanse the heaviest blankets and the daintiest fabrics with equal effectiveness and without the slightest injury.

The capacity of the Aerobell is 8 sheets or their equivalent.

PROPOSED LEGISLATION ON CONSERVATION AND JUST TAXATION OF OUR TIMBERLANDS

By Dr. Richard F. Chase, W. Baldwin
Our system of timberland taxation is not only antiquated, but also unjust. The change of times and economic conditions have made the application of this system well nigh impossible; moreover the system is a menace to our timber industry.

A report of the committee on forestry of the National Tax Association states: "The property tax is fundamentally defective when applied to the total value of land and trees of a growing forest, resulting, if strictly administered, in grossly excessive taxation of forests as compared with other forms of property yielding annual incomes."

By our present system a timberlot is taxed, and from time to time the valuation is raised, on account of the growth of the timber, other things being equal. Now this growth represents the annual income from the timberlot, and it is taxed and taxed in advance. The rental or income annually received from a real house is not taxed. The tax on the timberlot and the growth thereon (the income), is a process of double taxation. The system is also unjust because it permits assessors to levy on one man too much and on another not enough, and because it permits practically the same valuation on cut-over land as was assessed before the timber was cut.

No one knows a year in advance what the tax may be on a timberlot held as an investment, this is certainly an undesirable and uncertain factor to be considered when figuring prospective profits. Annual taxes on timberland are an especial hardship to the farmer, who must meet such taxes with cash obtained from other sources. Our present high taxes are influencing or compelling many to cut their timber before it is merchantable and they discourage some who might otherwise grow more timber, herein the system is a distinct menace to our timber industry. Now, a tax system which eliminates all of the foregoing defects and which by whomsoever administered taxes all timber owners exactly alike, would seem distinctly preferable to our present system. Seemingly, such a system was recommended by the National Tax Association in 1913, the following is a brief outline, "an annual tax on the land, valued as bare land and taxed at a certain rate, together with a tax upon forest products. In 1922 the committee reports: "It is safe to say that the fundamental idea of this plan has gained general acceptance among the advocates of forest tax reform."

Many details of this system and its principles are embodied in our "optional" law, chapter 78, Public Laws of Me. 1921, to which you are referred. If this system of taxation were generally adopted by the State it would work as follows: On mature timber, until cut, the owner would probably pay the regular property tax, thereafter the lot would come under the newer system. On younger growth, the owner would pay an annual tax on the bare land, assessed at its going value and taxed at a rate probably from \$20 to \$40 per \$1,000. This would be the only tax on his timberlot until he cuts some timber, for sale, when he would pay a certain per cent. (not to exceed 6%) of the stumpage sale price. Example: If he sells timber at \$15 per M stumpage, then he would pay say 5% of \$15, or 75 cents on each thousand feet sold. The proceeds from the annual tax and from the "yield or products" tax would be collected and distributed just the same as present taxes.

By such a system (1) a single tax only is applied to timberlots, the growth or income is not taxed annually as at present. (2) An owner knows the approximate amount of his tax, a year or ten years hence; (3) the owner pays his principal tax (the yield tax) after selling his timber, at the time he collects its income, and has the money with which to pay the tax; (4) every owner is taxed identically the same rate and according to his holdings—one owner no more nor less than another; (5) Such a system tends to encourage rather than discourage the growing of timber.

Since the total tax from all timberlands will be less (or should be) by this system, one at once balks, and asks how this deficit in taxes is to be made up. He probably has never stopped to consider how the deficit is to be made up, under the present system, when the timber is cut and sold, the owner is taxed on the proceeds, and he is likely to happen in some towns in the not distant future. By this newer system this deficit can be considerably relieved, by the land tax, and by paying the prospective yield tax in annual statements in advance. Examples: A timber lot in ten years may be estimated to yield a million feet of timber. When cut, it may yield \$15,000 and the yield tax at 5 per cent. will amount to \$750. This tax can be paid as suggested, one-tenth, or \$75 per year, less interest thereon. In so far as possible, such a system should be administered by the same officers as administer the present system.

Now as to conservation, I believe we are all agreed as to its need. But how is it to be brought about? All agencies thus far have failed in their attempts at conservation. Everywhere on the St. Lawrence (Maine included) through various tax inducements offered the timberland owner, have failed to accomplish anything of importance. The matter has been left entirely to the option of the timber owner and we have ample evidence on all sides of his accomplishments. Now shall it be left to him longer, with the result a foregone conclusion? I believe it should not. I believe the time has arrived, even in this State, for the enactment of some measure to regulate timber operations. Is there any valid reason why an owner may not be required to leave seed trees on cut over land, or not to cut trees under certain sizes, when it is practicable and more profitable to leave them standing? As to the constitutionality of such a procedure, among others at hand, here is an opinion of the Supreme Court of this State rendered in 1908 on this identical subject, "We do not think the proposed legislation would operate to 'take' private property within the inhibition of the Constitution. While it might restrict the owner of timberlands in his use of them, might defer his anticipated profits, it would nevertheless leave him his lands, their product, and increase untouched, and without diminution of title, estate, or quantity. There are two reasons of great weight for applying this strict construction of the constitutional provision to property in land: (1) Such property is not the result of productive labor, but is derived solely from the state itself, the original owners. (2) The amount of land being incapable of increase, if the owners of large tracts can waste them at will without state restriction, the state and its people may be helplessly impoverished

RESOLUTIONS OF RESPECT

Whereas the Divine Master has seen fit to remove from our order Sister Mary Hutchins, therefore be it
Resolved, that in her death Sweden Grange loses not only a member, who was held in the highest esteem by all, but one who, up to the time of her illness was one of our most valuable and efficient officers.

Resolved, that we extend to her husband and other relatives our heartfelt sympathy in this time of bereavement.

Resolved, that a copy of these Resolutions be sent to the husband, a copy be placed in our records and a copy sent to the Norway Advertiser for publication.

Dear Sister, we have placed thee in the peaceful grave's embrace, but thy memory will be cherished till we see in Heaven thy face.

MAINE IN FLORIDA

St. Petersburg, Fla., Jan. 22, 1923. Norway Advertiser and Friends:

My paper has not been delivered for the past three weeks until today. Was afraid you had run out of fuel, so am sending you check to buy more fuel. We are almost afraid to read the paper when it does come, there are so many deaths.

I have one Harrison family camping in my lumber yard, Mr. and Mrs. Tom Egan and son, and Mr. and Mrs. Seth Jewett are on the east coast for a while.

I was so surprised the other day, Henry Bangs, who used to be in trade in Norway, called on me. He came down with his daughter, Alfred, who is planning to spend the winter here. She has been in bed three years and is now gaining slowly. We hope she may gain faster here in our "Sunshine City".

Mr. Bangs stayed only two or three days. Saw by the Portland paper Mr. and Mrs. Charles Blake were starting south this week. We have a great many more northern people here than ever before.

The Congregational church was enlarged last year to hold 2,000 people. We turned away people Sunday for want of room. We have a live Maine society with over 200 members. It meets every two weeks, Cumberland County has the program this week with refreshments.

We are enjoying our garden much, string beans, cucumbers, beets, carrots. The lawn is green as summer and flowers in bloom. Strawberries are 30 cents per quart so we have shortcake, Washington apples to eat 5 cents each. Get oranges and grapefruit that are not good to ship, just right to eat, 15 cents per dozen.

Ben Brown from Lovell has his large dining room completed, I think it is one of the best in the state, if not the best. He has a wonderful place out at Pasadena on the Gulf. When he gets started here think he will do more business than in Maine.

A. R. Clark.

SOUTH WATERFORD

Bear Mt. Grange
Bear Mt. Grange No. 62 met in regular session Saturday evening, Feb. 10, with W. M. J. O. Decker in the chair. The first two degrees were conferred upon a large class. The program was the first of those in the prize competition with Ida Holden, chairman, and was given during an open meeting:

Music.....Grange Chorus
Piano solo.....Dorothy Holden
Reading for Mrs. Adams.....Maud Sanborn
Vocal duet.....Doris Brown and Clinton Kilgore
Recitation.....Dorothy Holden
Vocal solo.....Doris Brown
Dialogue, "A Romantic Adventure".....Doris Brown
Recitation.....Percy Upton
Vocal solo.....Doris Brown
Tableau, "Liberty".....Doris Brown
Gladys Kent, Bertha Kimball and Dorothy Holden.

Home-made candies and popcorn balls were served by the committee. The next regular meeting will be Saturday evening, February 24th, with the program in charge of Ida Morgan. The third and fourth degrees will be conferred.

A special meeting for practice of degree work was held Saturday evening, Feb. 3rd.

White Oak Temple No. 13 P. S. held their regular meeting Tuesday evening, Feb. 6th. Owing to traveling, the attendance was small, but the business of the new year was well started. The next regular meeting will be on Tuesday evening, Feb. 20th, when it is hoped weather will permit a full attendance.

SONGS OF JOY

We find a lot of things in life which surely give us pleasure. There are countless ways to make our cup of joy a brimming one.

But of all the many joys in life, the best one I have found is pay day, when they pass that bunch of yellow checks around.

We elbow and we jostle and we make a lot of those yellow checks around. It should last for more'n a week, I think there's something wrong.

The kids they need some winter clothes and shoes that's whole and sound: They'll have to wait until they pass those yellow checks around.

We figure where it's going quite a spell 'fore it arrives. And how we're going to eke it out, can't tell. But when it's gone, no use to cry and make a mournful sound.

For soon they'll pass another batch of yellow checks around.

Long we're healthy and we're happy, what's the use for us to grab. Guess our conscience don't bother like the folks who grab and grab.

And there's nothing over brings the thrill of happiness that's found. Each pay day, when they hand those little yellow checks around.

Dwight Tyner of Oxford spent a few days at A. L. Wyman's, recently.

Ralph Verrill who is working at Mechanic Falls was at home over Sunday.

WINTER PLANNING MEETINGS

The winter planning meetings of the local Farm Bureau have just been completed, and every one of the twenty committees has laid out its program of work and elected its leaders for the present year.

A total of 273 men and 220 women were in attendance at the meetings, and 106 men and 95 women committee members were elected.

A surprising large amount of work was planned at the meetings. In the men's division alone the total is 870, while the women's division, which is reckoned on a somewhat different basis, is correspondingly large amount of work was planned. By a piece of work is meant a demonstration such as one variety of seed planted in comparison with another, a farm account, a demonstration meeting such as poultry cullings, or any particular thing planned in the program.

Parish leads in places of work with 88, while Norway comes second with 76, and Andover third with 62.

The potato seed plot project leads all others in point of numbers enrolled. 173 farmers requested certified seed for plots, representing a total of 927 bushels of certified seed. At least 15,000 bushels of the best potatoes in the county should be raised from these seed, and those who know how seriously diseased are our ordinary potatoes will readily appreciate the great beneficial effect of the introduction of the new seed. A. L. Sander, county crops leader, will arrange for the securing of these seed potatoes for the whole county.

In the dairy project L. E. McIntire will look after the securing of 150 bushels of improved silage corn in the campaign work of ridding the county of varieties inferior to N. Y. Flint corn for our conditions. Many carloads of lime, nitrate of soda, and acid phosphate will come into the county this year as a result of recommendations made to farmers at the planning meetings, and this year is bound to see Farm Bureau work yielding surprisingly great financial returns to the county as a whole.

WEST BUCKFIELD

Florence Bennett of Buckfield, Harold Childs of West Peru and Gordon Bennett were at P. M. Bennett's Sunday afternoon.

WATERFORD

Mrs. Hannah F. P. Smith died here Feb. 1st at the age of 85 years. She was born in Bath, N. H. and was a former resident of Sweden and Oxford.

DENMARK

Clara Luella Moulton
The community was greatly saddened and shocked when it became known Friday morning, Feb. 2, that Mrs. Moulton had passed away at 2:30 A. M., after an illness of only twenty-four hours of pneumonia.

Mrs. Moulton was the widow of the late George W. Moulton and the daughter of Moses M. and Martha Kenney Bennett, whose deaths occurred several years ago. She was born on April 15th, 1860, and has been a life long resident of Denmark.

A woman of sterling qualities, rare intelligence and sweet personality, ever ready to lend her aid to those in trouble and striving to make everyone about her comfortable and happy, she will be sadly missed by all who know her.

Not now, but in the coming years, it may be in the better land. We'll send the meaning of our tears. And there, sometime, we'll understand. She leaves to mourn the loss of a devoted mother, three sons, George Albert, a civil engineer of Buffalo, N. Y., James Burleigh who is connected with the D. E. Makepeace Co. of Attleboro, Mass., and Bennett, with whom she made her home.

All were able to be present at the funeral services which occurred on Sunday, Feb. 4th, at the Rev. E. N. Wild, pastor of the Fryeburg Congregational Church, officiating. Mrs. Moulton is also survived by two sisters, Mrs. T. W. Burleigh and Mrs. George Walker, and three brothers, Rufus, Albert and Horace Bennett, who deeply mourn their loss.

Sweetly and peacefully she went to her rest in the land of the hereafter. In her hour of snowy dawn, While a calm and heavenly radiance Sees her silent head to crown. Resting now the feet that hastened Ever, at the call of need, Closed the eyes that saw the brightness Out of sorrow's depths could lead.

Fold the hands whose ministrations Many weary ones have known, 'Tis so strange to see them laid And her deeds of love laid down.

Now, good night, good night, dear sister! We'll not say a long goodbye, For sometime we'll say good-morning In the land beyond the sky. A. W.

Edward Buck has gone to Parsonsfield to work for Charles Pingree who is logging there.

Burleigh Moulton and Albert Moulton were called home by the sudden illness and death of their mother, Mrs. Luella Moulton.

Hazel Ingalls came home from Bates College last week.

Mr. and Mrs. Lloyd Libby were called to Chatham, Saturday, by the serious illness and death of Mrs. Libby's father, Herbert Pendexter, with pneumonia. Mr. and Mrs. Pendexter went to Chatham last fall to work for Scott Wentworth, who operates a mill there.

Mrs. Asa Smith's family are all ill with the grip.

Mrs. Asa Smith's mother, Mrs. Gray of Bridgton is caring for them.

At the last regular meeting of Mt. Moriah Chapter No. 6 O. E. S., the following officers were installed:

Worthy Matron—Ethel Hale.
Worthy Patron—Levey Head.
Associate Matron—Lillian Colby.
Conductress—Alta Wentworth.
Secretary—A. S. Colby.
Treasurer—Kate Sanborn.

Installing Officers—Mrs. M. M. Wentworth, assisted by Mrs. A. S. Colby as marshal.

A Quarter Century Of Service

"If a man write a better book
or preach a better sermon
or build a better mouse-trap
Than he live in the depths of the forest
The world will beat a path to his door."
—EMERSON.

25 years ago a small druggist—in a small town—discovered a new way—an "external" way—to treat colds.—So Vicks was born.

And for a quarter of a century, in ever increasing numbers, the world has beaten a path to its door.

Until today more than 17 million jars go out yearly to serve the people of this land.

Avoid Influenza—Grip—Pneumonia

How To Apply Vicks To Help Avoid These Infections
How To Use Vicks In Case You Are Attacked

DEEP, grippy colds—frequently leading into pneumonia—have been unusually prevalent this winter. Some authorities insist that they are a form of influenza, not so virulent as the influenza during the first epidemic, though they are worse than ordinary colds.

Vick's As A Preventative
Most medical authorities now agree that these troubles are germ diseases—commonly spread by breathing in the germs. If the system is in good shape—the membrane of the air passages in a healthy condition—these germs do not ordinarily breed.

Keep a little Vicks rubbed up the nostrils at all times, particularly when exposed to crowds. At night melt Vicks in a spoon and inhale the vapors, or better still, use Vicks in a teakettle as directed below. This treatment helps to keep the air passage in good condition.

The Danger is From Pneumonia
The chief danger lies in the development of pneumonia. What is needed therefore is something to decrease the congestion of the lungs. For this purpose there is nothing like a rubefacient or counter-irritant, as witness the use of blisters, poultices and plasters for many generations. This irritation reddens the skin—draws the blood from the congested parts to the surface; the circulation is improved; there is a sensation of warmth and the possibility of pneumonia is greatly lessened.

A "Quick" Rubefacient Needed
The value of this counter-irritant effect is greatly increased if it is produced quickly. Nearly every family has its favorite method—ointment poultices, turpentine stipes, mustard plasters and poultices of various kinds—all are good.

A very simple method is to apply towels wrung out in hot water, as hot as the patient can stand. This not only reddens the skin

quickly, but also opens the pores so that more Vicks can be absorbed. Some, however, prefer to use an ordinary mustard plaster, as the reddening effect lasts longer.

Get Skin Thoroughly Red

Whatever method is used, the application should be applied over the throat and chest until the skin is thoroughly reddened. In very deep colds, the sides and especially the back from the middle of the shoulder blades to a point just above the waist, should also be treated. The patient should be given a good purgative and, if convenient, a hot mustard footbath for ten minutes—one tablespoon of mustard to a gallon of water.

Then Massage With Vicks

After the skin is thoroughly reddened, it should be dried lightly and immediately the patient should be given a brisk massage with Vicks all over the parts. Continue this for five minutes. This increases the counter-irritant effect. Then apply Vicks thickly over all the parts; that is, spread it on as you would a poultice—about one-sixteenth of an inch thick or more—and cover with two thicknesses of hot flannel cloths.

Vicks' Double Action

Thus applied Vicks has a double action. First, Vicks is so made that the body heat gradually releases the ingredients in the form of vapors. The more Vicks applied, the stronger will be the vapors and the longer these vapors will last. The night clothing should always be loose around the neck and the bed clothes arranged in the form of a funnel. These vapors being lighter than air, rise up from the chest and, if the bed clothing is properly arranged, pass by the nose and mouth and are thus inhaled with each breath, carrying the medication directly thru the air passages to the lungs.

The second action of Vicks is external—by absorption thru and stimulation of the skin.

Repeat Treatment

When the vapors begin to lose their strength, fresh Vicks should be applied over the throat and chest. This to keep up the continuous supply of vapors. When the redness of the skin dies out, all the Vicks remaining should be wiped off and the entire treatment repeated. That is, the hot wet towels or mustard plasters should be used until the skin is again thoroughly reddened, then massage with Vicks, spread on thickly and cover with hot flannels, just as previously done.

Steam and Vapor Method

Sometimes when the patient is badly choked up, the vapors from the application on the chest are not sufficient to make the breathing easier. In these cases drop a tablespoonful of Vicks into a kettle of boiling water and allow the patient to inhale the warm steam and vapors combined for about 10 minutes. Do this several times a day if needed. Keep the water boiling and put in additional Vicks whenever the vapors decrease. Put a sheet over the patient and the tea-kettle, making a kind of a tent. Take no chances with these grippy colds. Remember, Vicks must be used freely to be effective—and always call a doctor.

After adjournment tea, cakes, sandwiches and candy were served by the hostess. The next meeting will be with Mrs. M. H. Pitts on Hillside Avenue.

Church Federation Notes
The Sunday school is making excellent progress with Clifford Denison, superintendent. Mrs. C. H. Pitts, who has been doing splendid work with her young class has given up the work for the present.

The Christian Endeavor meetings in the evening have been given up and Sunday evening, the 9th, a "number meeting" was enjoyed.

Mrs. Lewis Merrill is assisting Mrs. C. H. Pitts at her home on Main street. Mrs. Pitts is in poor health.

Rebekah Notes

The first meeting of the Rebekah Lodge in the new block was held on Thursday evening, Feb. 1 in the club room. A good number were present and an excellent meeting enjoyed with the new officers. Mrs. Andrew Wheeler is chaplain for this year. A strange coincidence is that Mrs. Alice Smith Denison is the first noble grand in the new hall while her mother, Mrs. Gertrude Smith, was first noble grand in the new hall 15 years ago, and Mrs. Wheeler was also chaplain at that time.

Long Lake Past Grand Association
Mrs. Fred Green entertained the members of the past grand association at her home on Tuesday evening, Jan. 30. This was a postponed meeting from the Christmas season so the Christmas decorations were used. A table tree was prettily decorated and each guest received a small Rebekah in the form of a thimble case, also Christmas cards. Business was conducted and conversation cards were passed with Rebekah topics to be discussed.

A delicious buffet lunch was served by the hostess, consisting of all kinds of sandwiches, assorted cake, puddings, coffee and cocoa.

Arnold Merrill, who is teaching at Edge's Falls, spent the week end with his mother, Mrs. Lewis Merrill, on Main St.

Ralph Wentworth of North Bridgton, who is attending Bowdoin College, spent several days recently at E. C. Jordan's.

Mrs. Geneva Jordan, lecturer at the Harrison Grange, attended the lecturers' conference at Auburn. She was accompanied by her cousin, Mrs. Verna Winslow and they had a pleasant trip to Auburn and Woodford.

Joseph Chaplin, Joseph Pitts and C. D. Tarbox attended the ice carnival at Berlin. Mr. Chaplin's horse, Pointer Wood, won each heat in the race in which he was entered.

DeWitt Stearns from Portland spent the week end with his family. His son, Norman, who has been very ill with pneumonia, is slowly gaining. He has been sick for over a week.

Mr. and Mrs. Erlon Noyes, while returning from Bridgton Saturday afternoon with J. H. Randall's horse, collided in some way with the sleigh of Clarence DeWitt's near North Bridgton. The Randall horse ran away, tipping Mr. and Mrs. Noyes out and returned to the Tarbox stable where he is boarded. Mr. Noyes has a lame shoulder but otherwise they were uninjured. Mr. DeWitt's sleigh was completely demolished but he held to his horse and was uninjured himself.

W. B. Spiller is spending several days in Portland, attending the checker tournaments.

F. C. Green has moved his groceries into the new store in I. O. O. F. block. A finely equipped and handy store is ready for use.

Pitts Bros. have moved into their grain store in the basement at I. O. O. F. block. The Me. Tel. & Tel. Co. expect to move within a few days to their new quarters on the second floor of the new block.

Hattie Haggood, who has been ill, is improving.

At six o'clock Monday morning the fire whistle startled the entire village. It proved to be a chimney fire at Frank Stone's house on the corner of Main and Streets. Fortunately the damage was slight. Mr. Stone is still confined to his bed where he has been ill for the past few weeks.

On Monday evening a few neighbors and friends planned a birthday surprise for Mrs. F. P. Freeman when they walked in and spent the evening with her at her home on Hillside Avenue. Mrs. Freeman was much surprised and a delightful evening was enjoyed. Among those present were Mrs. Erlon Noyes, Mrs. M. H. Pitts, Mrs. Ray Lamb, Mrs. Nathaniel Whitney, Elsie Stevens and Mrs. Freeman. Dainty refreshments were carried and Mrs. Freeman wished many happy returns.

Church services have been omitted the past week because of the illness of the pastor Rev. L. W. Witham who has had a severe cold.

Mr. and Mrs. Jack St. John and family are stopping with her mother, Mrs. Baseline Powers on Elm St. Mrs. St. John and the children have all been very ill with laryngitis.

W. P. Smith and A. S. Edgecomb of the Ricker Machine Co. were in Portland on business the latter part of the week.

A fine supper was served by the ladies of Lakeside Grange in their dining room Thursday evening. A good sized crowd enjoyed the repast after which an excellent entertainment was given in the hall followed by dancing. The entertainment consisted of readings by Chester Curtis, piano solo, Mona Green, duet, piano, Francis P. Burnham, violin, Frankham Burnham, tableaux, farces and shadow pictures.

Among those who attended the Eastern Star meeting at Bolsters Mills Tuesday were Mr. Fred Green, Mrs. A. P. Stanley, Mrs. W. P. Smith, Mrs. Eunice Austin and Mrs. J. Pitts. Mrs. Green was in-

stalled as Worthy Matron, Mrs. Stanley, as Ruth and Mrs. Smith as Electra.
D. D. P. Mrs. F. C. Green and Assistant Bertha Powers were at North Lovell Wednesday where they assisted in the installation of the Rebekah Lodge.

NORTH NORWAY

Mr. and Mrs. Ted Cox of Auburn were week end guests of Mr. Cox grandparents, Mr. and Mrs. B. A. Cox Jr.

Mrs. Olive Whitman is caring for the infant daughter of Mr. and Mrs. Ted Cox of Auburn.

Mrs. Anna Morse is the owner of one of the most intelligent collie dogs we have heard of recently. On Monday, Feb. 5th Mr. Morse took the dog into camp with him near North Lovell taking him in a team most of the way. On Thursday of last week the dog was seen wandering up and down the road looking first one way and then the other evidently getting his bearings and deciding in which direction his old home lay. Having to all appearances settled the question in his own mind he watched his chance to make good his escape. There is no question but what his compass was true to the needle as he arrived home sometime during Friday night, a distance of twenty-two miles. A more delighted dog was never seen.

CASCO

Five candidates were given membership in Casco Grange, No. 67, Saturday evening, Feb. 10. Mr. and Mrs. Ellwood Thorne of Casco Village on obligation, the Misses Helen and Dorothy Chute of Bridgton Road, Casco and Miss Bessie Edwards of Raymond, the 1st and 2nd degrees. Master Russell D. Baker assisted by S. P. Jordan conferred the degrees. The other officers were Lawrence Hanscom, Susie Hancock, Grace Gay, George Hanscom, Josie Hanscom, Walter Hamlin, E. J. Durand, Hartley Curtis, Sarah Hanscom, Mary Durand, Nina Burgess, Lila Edwards and Kenneth Hancock. Celia M. Compton furnished the music. It being Lincoln Night the Lecturer Grace Gay furnished the following program:

Male Choir, accompanied by Russell Baker.
Rec. Gettysburg Speech... Kenneth Hancock
Story of Lincoln... Russell Baker
Story Six Soldiers... F. S. Jordan
Story Lincoln's First Dollar... Mark Leach
Music, War Songs... Male Quartette

Next meeting will be Feb. 24th with the conferring of 3rd and 4th degrees with a Harvest supper and a program observing Washington's birthday.

Mrs. Clarence Winslow of Webb's Mills has been on a visit to her son Chester Winslow who is Representative at Augusta and has his family living there. Joseph Gerry of Webb's Mills has been very ill for the past week.

WILSON'S MILLS

E. S. Bennett made a trip to Boumantown last week in the interests of the American Realty Co.

Supt. of schools, John Paton visited the school, Friday.

February is treating us to some warm sunshiny days for which we are very thankful but much sickness is still prevalent.

Mrs. Nora Bennett is caring for Mrs. Ewen Cameron and little daughter.

Clarence Linnell and family have been confined to their beds the past week with the grip and many others are afflicted with the same disease.

The Fashion Shop

is closed this week

BETHEL

Rev. J. H. Little

The Rev. J. H. Little, pastor of the Universalist Church for 13 years, passed away, Feb. 7, at 10 o'clock p. m., at his home on Paradise Street. He had been in failing health for several months, but still responded to calls for his services as long as possible. His daughter, Mrs. John Adams, was fondly cared for by him and since his wife's death two years ago has assumed all burdens that she could for him. Many times during his pastorate here, he has been called to speak words of comfort to his former parishioners in all parts of the state. In the Order to which he belonged he was a most valued member, his broadness of mind, his versatility and depth of thought and large experience, made him a figure of note in the community and at all gatherings.

His native place was Lowell, Mass., where he was born December 11, 1843. Ordained in the ministry in 1868, a veteran of the civil war, served as Sergeant in the 35 Massachusetts Regiment until the close of the war. He then prepared himself for the ministry and fifty-four years of faithful service have testimony to his devotion to the work of the Master. A kindly word, a friendly handshake for all, in all walks of life. Mr. Little was a valued member of the Masonic body at East Jeffery, N. H., Knights Templar of Amesbury, Mass., O. E. S. Canton, Molyneux Encampment of South Paris, Me., and O. E. S. of Bethel. He was also a member of the Grand Lodge of the State of Maine, and of the Grand Lodge of the State of New Hampshire.

Mr. Little's first pastorate was at Foxboro, Mass., and then at West Concord, Ct., East Jeffery, N. H., Brunswick, Me., and finally at Bethel, Me. He was a member of the Grand Lodge of the State of Maine, and of the Grand Lodge of the State of New Hampshire.

Funeral services were held at the church which was filled to overflowing. Several from South Paris came and joined his people and friends in paying their last tribute. The Rev. Mr. Knickerbocker of Waterville paid high tribute to the departed brother. The Masonic Order had charge of the ceremonies. The Stars and Stripes covered the casket, the G. A. R. and American Legion flags were draped at head and foot. A profusion of beautiful flowers were banded about the altar. Mrs. Marshall Hastings sang feelingly, "Beautiful Isle of Somewhere" and again sang softly two verses of "I Love to Tell the Story." These verses were sung by Mr. Little two days before he "went away" in a surprisingly clear tone of voice. The body was taken to Enfield, N. H., Monday accompanied by his daughter Mrs. John Burbank and Percy Flint of the

WOMAN SO ILL COULD NOT STAND

Says Lydia E. Pinkham's Vegetable Compound Made Her Well and Strong

Glens Falls, N. Y.—"For over two months I was so sick I was not able to stand on my feet, and my husband did my housework. The doctor said an operation might be necessary. I read testimonials letters about Lydia E. Pinkham's Vegetable Compound and began to take it. Before I had finished taking the first bottle I saw what good it was doing me. I am now well and strong, doing all my work for a family of four, all my washing and my sewing, which I think is remarkable, as I had dared to run my sewing machine, but had done all my sewing by hand. I truly feel that were it not for your medicine I would not be here today as my case seemed very serious." Mrs. GEORGE W. BURCHELL, Glens Falls, N. Y.

Observed Ninety-third Birthday

Frank S. Chandler, the oldest man in Bethel celebrated his 93rd birthday Sunday with a home gathering attended by his immediate family. Several other friends called during the day to present flowers or offer congratulations. A relative, Miss Adelle Gordon of Bethel contributed a beautiful original poem suggestive of the long span of years from Feb. 11, 1830 to Feb. 11, 1923. Mr. Chandler enjoyed the day and had an active part in the impromptu exercises. Four generations were represented at dinner. The gathering included his daughter, Mrs. Marion A. Bunting and children formerly of Seattle, Wash.; a son, Walter S. Chandler of South Paris; a granddaughter, Mrs. Evelyn A. Briggs and her son Chandler Briggs. A daughter Mrs. Emma F. Chandler of Auburn was unable to attend.

Mr. Chandler was born in North Conway, N. H. and he remembers clearly when the hamlet comprised a dozen houses or less and a store. He helped build the famous North Conway House and in later years was clerk there and at the Eastman House. At the age of 17 he headed the lumber with oxen on the snow up the side of Mt. Kearsarge for the first hotel on the summit. This place was run one season by his parents Mr. and Mrs. Enoch F. Chandler. Mr. Chandler is the grandson of Dr. Moses Chandler, a surgeon in the Revolutionary army and afterward a well known citizen at Fryeburg. Frank Chandler has resided in Bethel 69 years and with Mrs. Chandler recently celebrated their 50th wedding anniversary.

Considering his advanced years, his health is good and he retains to a large degree the use of all mental faculties. He is interested in current events and considers the radio the greatest achievement within his memory. A receiving set made and installed by his grandson, John Bunting spans the continent and opens a new world of amusement and wonder.

Mrs. George Mason
Mrs. Endira (Bennett) Mason, wife of George Mason, passed away Sunday morning, Feb. 11, at about 7 o'clock. She had been ill for about ten days but not seemingly seriously so, until pneumonia developed. Her health has been frail for several years; her age was about seventy years.
Funeral services were held at the home on Tuesday, Feb. 13, at 2 o'clock. She leaves her husband, George Mason, two daughters, several grandchildren and one sister, Mrs. Nancy (Bennett) Foster of the village and many other relatives who will sadly miss her presence and kindly smile of greeting.

Harlon Wheeler who has been ill for several months remains about the same. Alice French is ill with the prevailing epidemic.

Dorothy Hutchins is much improved. Mrs. R. E. L. Farwell who is spending the winter in Hooksett, N. H. writes that she never saw the snow any deeper here in Bethel than it is there.

D. R. Smith was in Gilead and West Bethel recently.

Mrs. Asa Sessions has been ill but is better. Raymond Bennett spent the week end at his home in Gilead.

Mrs. Annie Emery has been a house guest of Mrs. Emily Forbes and family. A still alarm was rung for a chimney fire in Maria Robertson's rent; it was quickly subdued.

Mrs. Perley Thurston assisted Mrs. John Burbank during her father's illness.

Mrs. Elden Peterkin was ill a few days last week but she says she managed to pull through without calling a physician.

Charles Davis, High Street, is ill but improving.

Harry Brown has got able to resume work in his barber shop.

George Harding, a veteran of the civil war says he is hard traveling harder than in the old days for him of '61.

Harold Rich had the misfortune to cut his foot while chopping wood and is somewhat handicapped in his motion in consequence.

Mrs. Martha Kendall was in West Paris recently, a guest of her daughter, Mrs. Walter Ring.

The Rev. Mr. Achenbach is recovering from a bad cold.

Mrs. Leona Merrill, who has been in Auburn for some time is at her home here. Mrs. Dana Morrill has gone to take her place in helping care for her sister, Mrs. N. Scribner who has been sick so long.

Mrs. Amelia Grover of Hyde Park, Mass., who spends her summers here has been very ill with a nurse in attendance, but at last report was improving.

We Help Farmers to Use Concrete

That is what the Portland Cement Association is for—to tell people the best and easiest way to use Concrete, and to show how it can save them money.

No matter what permanent improvements you need around your farm, whether it is a feeding floor, manure pit, silo, storage cellar or foundation, we can give you simple, easy-to-follow instructions for making it of Concrete.

Just write us and tell us how you are thinking of using Concrete, and we will send you the information you need free of charge.

You will be surprised to see how easily you can build permanence into your farm improvements with firesafe, weatherproof, economical Concrete construction.

Fred Verrill's family are convalescing after several weeks of illness of the grip and measles.

Mr. and Mrs. F. L. Wyman, Mrs. Alanson Cummings, R. L. Cummings were among those who attended Pomona Grange at Bryant's Pond.

Warren Waterhouse is stopping with his sister, Mrs. Alanson Cummings.

Mrs. Flora Swinton and Jennie Silver were guests of their grandmother, Mrs. Andrew Rose one day last week.

Mr. and Mrs. Alanson Cummings spent the week end with their mother Mrs. Flora Cummings in Oxford.

31 friends gathered at Frank E. Davis' Monday evening to surprise Olive Pingree on her 21 birthday. The evening was passed with cards for the older ones and games of roll-the-plate, beast, bird and fish, winkum by the younger ones.

A very nice birthday cake made by Mrs. Dora Reed with 21 candles lighted was presented by G. W. Q. Popham. Refreshments of ice cream and cake were served.

FRYEBURG
Mrs. Charles Harris

Callie (Mansfield) wife of Dr. Charles Harris, died Thursday after ten days illness with pneumonia. Mrs. Harris was born in Hiram about sixty-one years ago and has lived in Fryeburg since her marriage to Dr. Harris, thirty-five years ago.

Besides her husband, Mrs. Harris leaves two half sisters, Mrs. J. W. Hubbard of Fryeburg and Mrs. Charles Hubbard of Kezar Falls and one brother, Walter Mansfield of Fryeburg, and many friends.

Funeral services were at the home, Rev. E. W. Wildes officiating. Interment at Duxbury, Mass.

Herbert Pendexter of Denmark died Sunday, Feb. 11, of pneumonia at the camp where he was working for the Fox brothers. He leaves a wife, who was Julia Ella, and two children, also a brother and sister.

Toll Bridge
Wallace Merrill was called to Portland on business this week.

Annie Cummings is home for a week. Clement McAlister has returned to Harrison to his work.

Daphne Barker and Annie Richardson have returned to their school at Fryeburg after having a bad cold.

Harold and Roland McAlister have been confined to the house for the past week with bad colds.

Mr. and Mrs. Louis Charles spent the day with her parents, Mr. and Mrs. G. G. McAlister.

Carolyn Hill is sick.

WEST FRYEBURG
The portable mill, which has been in operation in this place for about two years, closed up its work Friday and now are making preparations for a removal to Eaton, N. H. A number of the families are going there with the mill. Some camps have been built to be removed and others which were moved here will go too. "Mill City" will be no more, in this place, but effects of its work are plainly discernible.

Mrs. E. E. Walker has been a victim to the flu for the past week, also Mrs. Herman Gilman.

Parker Charles and Charles Stevens have been getting their ice in the past week and as Mrs. E. E. Walker was sick and her husband could not leave to get his in, they kindly filled his ice house for him. Such deeds of kindness are not forgotten.

The pictures at North Fryeburg every Saturday night is a great attraction for the young people in this section.

NORTH FRYEBURG
Mrs. Harry Charles spent Sunday with her sister, Mrs. Viola Libby, at Green Hill.

The Sunday evening meetings, which for a few Sundays are held in the different homes, was held at the home of Mrs. Clara Hastings, Sunday evening, Rev. Mr. Stacy, pastor.

Maud Bridges, our school teacher, spent the week end in Portland.

Mr. and Mrs. Thurman Charles and son, who are spending the winter at Lovell Center, visited Mr. and Mrs. B. G. Webb, Saturday.

Mr. and Mrs. Arthur Bemis, who have spent the past few months at West Fryeburg, are at home for a short time.

J. E. Chandler is poorly and under the doctor's care.

EAST FRYEBURG

We Help Farmers to Use Concrete

That is what the Portland Cement Association is for—to tell people the best and easiest way to use Concrete, and to show how it can save them money.

No matter what permanent improvements you need around your farm, whether it is a feeding floor, manure pit, silo, storage cellar or foundation, we can give you simple, easy-to-follow instructions for making it of Concrete.

Just write us and tell us how you are thinking of using Concrete, and we will send you the information you need free of charge.

You will be surprised to see how easily you can build permanence into your farm improvements with fireproof, weatherproof, economical Concrete construction.
